

Notes

1 Print in HP MJF PA12, no supports; open side down or up as the service prefers.

2 Collar ø68.14 runs in ø68.8 of TM-001-01: 0.3 mm radial clearance.

3 Lugs engage the bayonet slots of TM-001-01; detent clicks at end of travel.

4 Unspecified radii/edges as modelled; reference model mine_cap.step.

5 Inside surfaces light colour (undyed or painted) for brighter glow.

Material PA12 (HP MJF)	Surface as printed, dyed black	Mass (approx.) ≈ 25 g	Scale 1:1
General tolerances ISO 2768-m	Unit mm	Created by / Date develmusa / 2026-10-26	Approved by –
Document type Part drawing	Document status Prototype	Owner Thermomine	Projection

Thermomine – aquarium mine thermometer

Cap (top shell, bayonet collar)
